

CLAIM STRIKERS ARE RETURNING

Western Union and Postal Officials Call Inconvenience Slight

UNION LEADERS SAY MORE MEN ARE OUT

And That Still Others Are Expected to Join the Strikers' Ranks

Chicago, June 13.—Leaders of the Commercial Telegraphers' strike pressed to-day to be encouraged, asserting that additional men had gone out during the last 24 hours and that more would join the ranks of the strikers during the day.

Officials of the Western Union and Postal claimed that a number of men who left their keys on the first two days of the strike had returned to work and that only slight inconvenience had been caused by the walkout.

Union leaders found encouragement in the decision of the railway telegraphers not to handle commercial business of the two big telegraph companies after tomorrow, and in the order for a strike of more than 100,000 electrical workers next Monday.

VILLA AGAIN MARRIED; HIS BRIDE 20 YEARS OLD

Mexican Rebel Leader Suddenly Appeared in a Small Village and Ordered All the Inhabitants Out for the Marriage Feast.

Mexico City, June 12 (Correspondence of the Associated Press).—Francisco Villa, the bandit leader, has been married again, according to a story told by a traveler to the newspaper Excelsior of this city. The traveler claims to have been present at the ceremony at Valle de Allende, near Parral, Chihuahua. Villa is said to have appeared suddenly one day in the village and ordered all the inhabitants out for a fiesta. The marriage, according to the traveler, was performed by a former judge with two of the villagers as witnesses. Afterward there was a feast and dance at which Villa introduced his bride of 20 years and delivered a speech.

GIRL CHARGED WITH FORGERY.

Sadie M. Potter, 16, of Jamaica, Put Under \$500 Bonds.

Brattleboro, June 13.—For several days this week Judge Fred B. Pier and State's Attorney E. W. Gibson have had under consideration various matters of public concern, among them the forgery of certain checks. The checks passed as genuine, but on their return to the bank their spurious nature was detected. Evidence gathered appeared to indicate that the checks were issued in Jamaica, and as a result Miss Sadie M. Potter, of that town, is under bonds of \$500 to appear at the September term of the Windham county court at Newfane.

Miss Potter is 16 years old, a daughter of Herbert Potter. She was arrested by Sheriff Frank L. Wellman and at a hearing before Acting Judge Clarence M. Miller, which was held in the probate court room for convenience, Miss Potter waived examination and bail was fixed at \$500, Mr. Potter becoming surety for the appearance of his daughter when wanted. The respondent then was released.

The complaint charges that the respondent forged a certain order, purporting to bear date of June 4, 1919, at Brattleboro and to have been signed by W. S. Allen for payment of \$21.38 to the order of the National company. The order was drawn on the Vermont National bank of Brattleboro, and it is alleged that the order was drawn with intent to defraud the bank and Mr. Allen.

WILLARD-DEMPSEY SENTIMENT SHIFTS

One Day It Is for the Champion and the Next Day It Is for the Challenger—Willard Is Training His Fat Down.

Toledo, Ohio, June 13.—With the fight between Jess Willard and Jack Dempsey set for decision three weeks from to-day, sporting authorities are at a loss to select their favorite.

Sentiment seems to change every day. Willard, after an impressive workout, may become the favorite one day, but the next may find sentiment switching to his challenger.

Willard is finishing the second week of training here, and in the opinion of experts, he will be in first-class condition within two weeks. His wind is improving rapidly and the flabbiness of his legs and upper arms is gradually hardening into solid flesh and muscle. He is withstanding the afternoon sun better than any members of his training retinue. He finished the workout yesterday as fresh as when he started, while his sparring partners were panting for breath. Dempsey is eager to resume his boxing, but must wait another day, as the skin forming over his damaged eye is still too tender to permit any rough work. Jack Kearns will not allow him to put on the gloves until Sunday.

A young giant named Ketchel, recently discharged from the naval service, was due to join Willard's staff of sparring partners to-day. He weighs 192 and fights like Dempsey.

Willard has drawn the color line in his training. He has refused to have negro sparring partners in camp. "When I drew a color line after my contest with Johnson," he said, "I intended to observe it as long as I remained champion. I am convinced that hours between white men and negroes have done more harm to boxing than any single factor."

Commencement Exercises at the Castleton Normal School.

The 51st annual commencement exercises of the Castleton Normal school open Saturday, June 14, with a boat ride and picnic to Lake Bomoseen. On Sunday at 2 p. m., the baccalaureate service will be held at the Congregational church. The address will be delivered by Rev. George A. Butterick of Rutland. On Monday, June 16, the class day exercises will be held at 10 a. m. in the normal park. Monday evening at 8 o'clock the alumni will hold a reunion in normal hall, followed by readings at the Congregational church by Grace Sage and selections by Marion Dorward, a pipe organist of ability. Tuesday, June 17, the commencement exercises will be held at 2:30 in the afternoon, two addresses to the graduating class being delivered by Rev. Parker Metzger of Randolph. In the evening at 8 o'clock the commencement dance will be held at the town hall for invited guests only. There are 25 members in the graduating class.

His death occurred on his 23d birthday.

MAY RE-WRITE WHOLE TREATY

Following British Move to Reopen Reparations Question

NEW TEXT TO TAKE IN SOME EXPLANATIONS

Text Published in United States Would Then Be Obsolete

Paris, June 13.—The British have made an 11th hour attempt to re-open the question of reparations. They have submitted proposals introducing into the functions of the reparations commission the principle of control of raw materials, etc., furnished Germany, enabling the commission to control Germany's economic development during the period it operates.

The British effort has not met with a sympathetic reception by the reparations commission, to which it was referred. It seems probable that the proposals will be accepted, but they constitute one of the causes of the delay of the reply to the Germans, which it was rumored to-day probably would not be presented until Monday.

The peace treaty with Germany will be entirely rewritten and reprinted for the incorporation of the explanations and clarifications contained in the allied reply to the German counter proposals.

While unchanged in principle, virtually a new document will be presented to the Germans. It will be made public on the day of its delivery or the day after.

The council of four decided that simply to attach the reply to the original document was impracticable, as it imposed clauses which would be left obscure and imperfect. Hence the decision to re-write the document.

It was remarked in peace conference circles to-day that this action would render obsolete the text published in the United States.

The question of large amounts of British and French goods finding their way into Germany from the occupied regions has been raised in the supreme economic council. The proposal has been made that some form of control be instituted to prevent one nation trading without the knowledge or consent of the others.

Premier Orlando of Italy left for Rome last night, intending to confer with the parliamentary leaders relative to the work of the peace conference and to settle questions concerning military precautions contemplated on the Carinthian frontier. General Diaz accompanied him.

A 1,400-MILE FLIGHT Is Started By Captain Lafon, a French Aviator.

Paris, June 12 (Havas).—Captain Lafon, a French aviator, left Le Bourget, north of Paris, at 2:29 o'clock this morning in an attempt to make a daylight flight to Constantinople, expecting to arrive there over a route of about 1,400 miles at 5 o'clock to-night.

The flight was in three relays. Captain Lafon expects to cross the Alps near Mount Matterhorn and the Adriatic between Venice and Fiume.

Eight Years of Poor Health

Lowell Shoemaker Tells How He Got Well

Lowell, Mass.—Another case has been recovered here in Lowell, restored to health by the new treatment for lack of iron in the blood.

An interview with the man has been published and you may have read it in many newspapers. It won't do any harm to tell his story again in a brief way. The man is Mr. Leon Lamothe, a shoemaker who lives at 119 Salem street, Lowell, Mass.

MR. LEON LAMOTHE

Mr. Lamothe suffered for eight years with the most distressing form of stomach and bowel trouble. Had been given up by the physicians.

Constipation had set in so bad that a rash broke out all over his body which caused him to almost tear himself to bleeding.

He finally commenced to get weak. He could not eat, he lost weight and he was run down to a point where he thought he would have to give up his work. Just then a friend told him about the Iron-Lax-Tonic treatment for weakness and lack of iron in the blood. Mr. Lamothe decided to try this new treatment with these results: After taking one bottle he felt much improved, continued with the Iron-Lax-Tonic treatment and now he is feeling well again after eight years of suffering.

Whenever you feel poorly take Iron-Lax-Tonic. It puts iron in your blood and gives you the strength to ward off disease.

Symptoms of a run-down condition are very numerous. Some of them are constant colds, lack of color, a languid feeling with lack of energy and ambition, sometimes sleeplessness and dull all-tired-out feeling. These are symptoms of a run-down condition likely due to lack of iron in the blood.

It doesn't do any harm to keep on with the treatment after you feel all well. It's a good idea to build up a reserve or extra strength.

Be sure you are getting the genuine. Don't be fooled on that point! Don't expect to get the same result from some substitute. A good idea to start to-day. Buy it at Cummings & Lewis, E. A. Brown, Barre Drug Co., and all leading druggists.—Adv.

MERCHANT MARINE INELIGIBLE.

May Not Join American Legion, Owing to Lack of Army or Navy Connection.

Boston, June 13.—Colonel John F. J. Herbert, member of the executive committee of the newly formed American Legion of the world war veterans has returned from a two days' meeting of his committee in New York, bringing with him charters for 21 posts organized in Massachusetts.

Among other important matters acted upon was that relative to the membership of merchant marine in the legion. It was decided that they are ineligible, having served with no direct connection with the army or navy but being under control of the United States shipping board.

Colonel Henry D. Lindley, Colonel Theodore Roosevelt and Major Eric Wood were chosen a committee to invite Marshal Foch and other distinguished military leaders to attend the first convention of the legion to be held at Minneapolis, Nov. 11-13.

At the close of the session the following resolution was adopted:

"Whereas, the unanimous sentiment of the delegates to the St. Louis caucus of the American Legion was opposed to bolshevism, and

"Whereas, the constitution of the American Legion there adopted pledges, and order and to 100 per cent Americanism, and

"Whereas, the meeting refused to seat as a delegate a representative of a so-called soldiers' and sailors' council, modeled after the Russian soviet, therefore, be it

"Resolved, that the executive committee of the American Legion unalterably
